EnOcean

PCN #: S3221-A215-Revision_DD-07
Change Title: PTM 215B Label and SW Update
Date of publication: September 2nd, 2019

Products affected / EnOcean ordering codes
- PTM 215B / S3221-A215

Description of change
The following feature set extension has been added to the PTM 215B functionality:

- **New feature: Option for 2 Mbit data rate**
  - An alternative bit rate of 2 Mbit per second instead of the default 1 Mbit per second can be selected via the NFC interface

  - The previous bit rate setting of 1 Mbit per second remains the default setting. The default product behavior remains unchanged, no customer action is necessary for existing designs

Timeline
- Delivery of the new version will start September 2019

Reason for change
- Addition of new feature according to customer requirements

Step codes after change
- PTM 215B DD-07

Customer impact of change and recommended action
- No impact, all previous product features remain in place and unchanged
- Customers wishing to use the new bit rate can select this via the NFC interface
