

**PCN #: 2013-06-10**

**Change title: ECO 200 Packaging Change**

**Date of publication: June 10, 2013**

---

### **Products affected / EnOcean ordering codes**

- ECO 200 / S3016-N200

### **Description of change**

- Packaging will change from Tray (140 units) to Tape & Reel (400 units)
- Tape & Reel specification is available on demand
- Additional stabilization linkage at the snap-in area

### **Milestones**

- Pre-change products: Tray-packaged products available on request until August 31<sup>st</sup>, 2013
- Post-change products: All deliveries starting June 17, 2013 unless tray-packaged products are requested

### **Reason for change**

- Customer requests for Tape & Reel packaging to enable automatic product handling
- Stabilization linkage improves mechanical reliability over life time

### **Step codes after change**

- S3016-N200 DB

### **Customer impact of change and recommended action**

- Customer needs to determine if continued delivery on trays is desired during the transition period
- Minimum order quantity with the new Tape & Reel packaging is 400 units

### **Reference Documents / Attachments**

- ECO 200 Data Sheet has been updated to reflect the new package
