

## **Simon Johnson**

### **Sales Manager UK & Ireland**

Simon Johnson, Sales Manager UK & Ireland, promotes EnOcean's successful energy harvesting technology into the fast-growing UK market including smart building projects and the emerging trend of modular homes.

Before EnOcean, Simon worked for Theben AG, a specialist in smart home technology focussed on KNX, where he spent three years as Sales and Specification Specialist. Simon previously ran his own electrical contracting business. He has a keen interest in modern building control solutions, with a number of family home renovation projects to his name making him aware of the specific requirements.
